Stride Ventures announces new fund, BPCL may sell some stake in IGL, targets corpus of up to ₹1,875 crore Petronet to shed promoter status

PRESS TRUST OF INDIA New Delhi, May 25

INVESTMENT FIRM STRIDE Ventures on Tuesday announced a debt fund for Indian startups with corpus that can go up to ₹1,875 crore. The firm will continue

investing in early to late-stage startups with ticket size from the new fund expected to go up to ₹70 crore, Stride Ventures said in a statement. "Stride Ventures is launch-

ing Stride Ventures India Fund II with a targeted corpus of ₹1,000 crore and a greenshoe option to raise an additional ₹875 crore," the state-

ment added.

With this targeted corpus, Stride Ventures expects to recycle ₹3,000 crore total debt funding in startups over a period of four years.

The new fund will have a commitment period of four years within which the capital will be deployed and recycled, the statement said.

Founded in 2019. Stride Ventures closed its maiden fund earlier this year after overshooting its initial target corpus of ₹350 crore.

> The firm has funded more than 20 companies from Stride Ventures India Fund I which includes start-ups like Pocket Aces, Miko, Sugar Cosmetics Home Lane, Zetwerk etc, the statement said.

"Despite the pandemic, our fund has served as a good diversification for our investors' asset allocation, having continued to post strong and consistent returns," Stride Ventures founder and managing partner Ishpreet Gandhi said.

> **PRIVATISATION-BOUND BHARAT** Petroleum Corporation (BPCL) may sell a part of its stake in Petronet LNG and Indraprastha Gas (IGL) to shed its promoter status to obviate the need for its new owner to make open offers for the two gas companies, sources said.

BPCLholds 12.5% of shareholding in India's largest liquefied natural gas importer, Petronet, and a 22.5% stake in city gas retailer, IGL. It is a promoter of both the listed companies and holds board positions.

As per the legal position evaluated by Department of **Investment and Public Asset** Management (Dipam) – the department running the process for sale of government's entire 52.98% stake in BPCL — the acquirer of BPCL will have to make an open offer

to the minority shareholders of Petronet and IGL for acquisition of 26% shares, three sources with knowledge of the matter said.

This is because BPCL is a promoter of the two companies and since there is a change in ownership of the promoter firm, an open offer is triggered under Sebi (Substantial Acquisition of Shares and Takeovers) Regulations, 2011.

Notice for Board Meeting

Pursuant to the provisions of Regulation 47 read with Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, notice is hereby given that a meeting of Board of Directors of Jindal Poly Investment and Finance Company Limited is scheduled to be held on Wednesday, 2st June, 2021 at Head Office of the Company inter-alia, to consider and approve the audited Financial Results of the Company for the quarter and year ended 31" March, 2021.

moter status, thereby obviating the need for open offers, sources said. BPCL, however, is not in favour of selling the stake and giving up promoter status and directorships will result in substantial value erosion for the company.

But the thinking in the government is that the open offers for Petronet and IGL may deter bidders who are mostly eyeing BPCL's oil refining assets and 22% share of the fuel marketing business it commands, sources said.

BPCL spokesperson refused comments for the story.

The government's 52.98% stake in BPCL is valued at about ₹54,000 crore at the current share trading price. The requirement for making an open offer for additional 26% to minority shareholders of the company will cost an additional ₹26,700 crore.

On top of it, an open offer for 26% stake in IGL would cost the acquirer an additional ₹9,400 crore and a similar offer for Petronet would cost over ₹9,300 crore.Bidders, sources said, may not find

STATE-OWNED CIL'S coal allocation under special forward eauction for the power sector dropped 27.9% to 2.19 million tonnes (MT) last month.

Coal India (CIL) had allocated 3.04 MT of coal in April last year according to the latest monthly summary by the coal ministry for the Cabinet. However, the coal allocation by the PSU under the scheme had increased to 39.33 MT in FY'21 from 27.12 MT in FY'20.

Coal distribution through forward e-auction is aimed at providing access to coal for such consumers who wish to have an assured supply over a long period, say one year, through eauction mode so as to plan their operation.

The purpose of the scheme is to provide equal opportunities to all intending coal consumers to purchase the fuel for own consumption through single window services and at a price determined by themselves through the process of online bidding.

Forward e-auction is aimed at facilitating all the consumers of coal across the country with wide-ranging choice for booking coal online, enabling them
